

## Commercial Smith Machines

Incredibly smooth running (on Thompson linear bearings) Commercial Smith Machine from GymRatZ. Another important feature is the traditional-style lock out rods (that you can see), rather than cut-outs along the framework.

Price: £1,995.00

The Selectorised Smith Machine has found favour with the growing increase in pedantic health and safety concerns whereby some gyms are equipped solely with selectorised gym equipment. So, in this instance, at least your gym can still provide versatility with machine such as the GymRatZ Selectorised

Price: £2,735.00

York STS Counter Balance Smith Machine - Full Commercial/ Self Build - Pallet Delivery usually within 2 to 3 days.

Price: £2,499.00

<http://www.gymratz.co.uk/sts-counter-balanced-smith-machine>

A favourite with schools and rehabilitation centres - the GymRatZ Counter Balanced Smith Machine. Offering the smoothness and toughness of the GymRatZ Smith Machine, but with the benefit of the smith bar being counter balanced to just 2kg.

Price: £2,350.00

<http://www.gymratz.co.uk/gymratz-counter-balanced-smith-machine>

Popular in rehab centres, fitness suites and colleges, the low starting resistance accommodates all users. The open-ended (front & back) frame allows for easy entry and exit, even for wheelchair users. As standard, the GQ Counter-Balance Smith Machine is pitched at a 5 degree angle and includes

Price: £2,590.00

3D movement (up, down, backwards, forwards). Smith Machines have long been a gym favourite alongside power racks and the like. A 3D Smith Machine fits somewhere between the two, eliminating the guided straight up and down restraints of a generic smith machine, but not a fully free bar motion.

Price: £2,995.00

<http://www.gymratz.co.uk/gymratz-3d-smith-machine>

With a 5 degree pitch, an open-ended frame, and 30mm linear bearing bushing, the GQ Smith Machine is designed for comfort and ease-of-use, making it ideally suited in a fitness-suite or health club environment.

Price: £2,495.00
